

Manual dispensing nozzles made up of plastic and aluminium body, equipped with swivel connection. For their features, they can be applied on every transfer system, also operating for gravity.

Art. 093-5199-000 Manual plastic nozzle "MP120"

for diesel fuel transfer
Flow rate 120 l/min
Plastic body
Swivel connection F 1"

Art. 093-5200-000 Manual nozzle "MC80"

for diesel fuel transfer
Flow rate 80 l/min
Aluminium body
Swivel connection F 1"

Art. 093-5203-000 Aluminium manual nozzle with plastic handle "MC150"

for diesel fuel transfer
Flow rate 150 l/min
Aluminium ends
Plastic handle
Swivel connection F 1"
